

TED^xGunnHighSchool

x = independently organized TED event

What is TEDxGunnHighSchool?

Although the event only lasts for one day, it takes a whole year of meticulous planning, fundraising, marketing, designing, and building to make it spectacular. A large-scaled event like this is usually organized by professional adults, but TEDxGHS is completely student-run and powered. Since we plan on keeping our event completely free, we rely on the generosity of local businesses and community members to support us financially.
